SUMMARY

I am a passionate Computer Engineering student at Advanced College of Engineering and Management, with a deep interest in technology and programming. I am actively learning the MERN stack and have built several projects using React and Firebase. With a strong drive for continuous learning, I am now exploring backend development to expand my skill set and contribute to innovative solutions.

EDUCATION

Advanced College of Engineering and Management (Kathmandu)

Bachelor in Computer Engineering

Apr, 2022 - Present

PROJECTS

Pixel Studio

Pixel Studio App is a fun and easy-to-use application built with React and Firebase. Users can sign up and log in using email and password, or log in with Google. The app allows you to create pixel art and freehand drawings, which you can save as PNG files.
